MEMORANDUM FOR: Assistant General Counsel

FROM: Personnel Director

The attached proposal contains many ideas which would be revolutionary and most desirable for the ordinary Government Department. However, it is my opinion that this agency can operate only under a complete exemption from the Civil Service rules as far as procurement, placement or promotions are concerned. We enjoy this now under Schedule "A" authority. If this bill is intended to cancel the existing Schedule "A", I feel sure that the agency should, as usual, be exempt from its provisions.
